RECORD OF EVENTS.

On the evening of the 19th of February 1864 the Company received orders to proceed on the following morning to Powell River Bridge on the Cumberland Gap and South Carolina Road, at which place they arrived at 9 o'clock A.M., having marched a distance of 5 miles. We remained at that place until the morning of Feb'y, 22nd 1864 at which time we were attacked (at about 5 1/2 o'clock A.M.) by the Enemy's Cavalry variously estimated at from 600 to 800 strong. Our force consisting of Companies A and I, numbering 55 effective men. After an action of 3 hours duration we repulsed the Enemy without the (over.)

loss of a man. Immediately after the close of the action received orders from Brig. Genl. Garrard Commanding District of the Clinch (then at Cumberland Gap) to fall back to the Cotterell House, a distance of $2\frac{3}{4}$ miles below the Gap on the Jacksborough Road in East Tennessee. Having no means of transportation for our Camp and Garrison Equipage it was destroyed to prevent it falling into the hands of the Enemy, for the above reason we had to destroy some surplus arms & accoutrements. The Enemy's loss in killed & wounded was variously estimated from 15 to 25 men.

I answer to your
inquiry in regard to Sicut Alexander of Co "B" I have
to the honor to make the following reply. I have been
intimately associated with him more than two years
and never but once have I seen him under the influ-
ence of liquor and then not enough to incapacitate
him from duty. I have seen him take a drum occa-
sionally. The remark made by the Medical Director, that
"this man is an incubate" I regret to say was made
without any other proof than the outward appearance of
the Applicant.

I ^{am} ^{sorry} very much that the Medical
Director would make the assertion that this man is
an incubate without any other evidence of the fact than
merely the external appearance of the Applicant. But
if he based his opinion upon sums, it is without the
least foundation, and does great injustice to this
Officer

Sir:

On or about the
1st day of Dec, 1863, I tendered my res-
ignation through Col. Harney then
Comdr. Brigade, & have heard nothing
from it as yet.

The papers were
forwarded as will be seen by letter
from Col. Harney, but as they went
on the last train from Harrison
Lane, they were probably lost or
mislaid through the excitement on
the siege; I regret the necessity still
exists which compelled me to tender
my resignation in the first place.
Justice to myself and the Government
requires I should leave the service.
that through a younger man the
cause can be more efficiently ser-
ved. Enclosed you will please

Enclosed please find telegram from
Capt. Farmer, showing that 600 lbs
of non-indestructible material was for-
warded to me, from the Chief of
Ordnance, they are also probably
at the disposal of the Chief of Ordnance.

Hoping that the above will meet with your approval.

Very Respectfully

Yours Obedt. Servant

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated, or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whether other facts may aid a judgment as to the cause, or nature or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability, and, &c., &c.; to describe particularly the disability, wound, or disease; the extent of which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1200 Regulations, Edit. 1864.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS

This certificate shall be made out in duplicate by the company commander, or other officer, and submitted to the surgeon in charge of the hospital where the soldier is treated. The surgeon will then fill out and sign the back of the certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, without action endorsed thereon, through the proper channel, to his division commander; or, if in the private station, to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this report, so that the soldier is furnished with the proper discharge in duplicate, and forward both of these certificates direct to the Adjutant General United States Army at Washington, D. C.; they will not, under any circumstances, be given into the hands of the soldier.

Head Quarters Co. "E" 34th Regt. Infy.

Brig Genl Ammons }
Comd'g Co } Sent

I would respectfully request
that John Brown, Private Company "E" 34th Regt. Infy.
Infy, who has been tried by Genl C-M for desertion,
and sentenced to six months hard labor with ball
and chains, and loss of pay and allowances for 10
months, be restored to duty with his company and
that the sentence be also mitigated so as to take
from him all pay and allowances for three months
the period he was absent from his command. Brown
left his company at Tazewell Tenn Jan'y 19th 1864,
and was arrested at Richmond Ky about the 26th
or 27th Jan'y 1864, and sent from there to Cumt.
Kilson Ky where he performed duty until April
21st 64, when he returned to his command without
being under guard. He has been undergoing his
sentence at this place since May 16th 64. Brown has
always been a good and faithful soldier, and
this was his first offense. I think that he more
wished to go and see his family, and that he
would have returned to his company.

Very Respectfully

Dear Sir

Wilmington, Dec 1 1863

I have a man belonging to my Company
who has been under my Supervision for the
past 9 months - and he having had an
acute attack of Bronchitis last winter
lost the power of speech - and has been
unable to do any thing ^{any} since. He
has of late been transferred to Fort Mifflin
in Lancaster Co. - The Surgeon in Charge
(Dr. J. H. Grant) thinks it prudent that he should
take no more medicine as it proves more
disastrous to him than beneficial. And therefore
I ask it as a favor of you to have him dis-
-charged - as most of his time he has to con-
-fuse on his fingers, or slate. He is neither
fit for Field Surveys, nor Cavalry Corps duty.
He is neither fit for Nurse, because he hasn't the
power of speech. And you as Commander, will
confer a lasting favor upon me by permitting

1. The first of the three is a large
 white stone building
 of the same size as the large one
 seen, the other is a small one and we are told to
 have them up at the head of every 10 fathoms
 as he goes but 3 miles of the depth.

Sir I can recommend
 him as a respectable man and will
 comply with any request that may be
 required of him he having been under
 my immediate Supervision for one year.
 If you can grant my request, you will
 confer a lasting favor.

Am Sir, very respy.

FINAL STATEMENT

1865

Wm. B. Smith, Jr.
Regt of
34

VOLUNTEERS.

Our final 15 1865

NOTE 1.—Two of these certificates (or duplicates) are to be given to each Volunteer Soldier or drafted man who may be discharged previously to the discharge of his company, and the captain or other commissioned officer commanding the company will certify to the act of the delivery of the duplicate certificates; on these certificates the Soldier is entitled to have the payment endorsed on it. The discharge is to be given back to the Soldier by the Paymaster; the latter only retaining as his receipt the duplicate certificate.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of both these final statements, and also to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—When a Soldier is furnished with final statements, he describes his list, if he has one, should be taken up by the officer who gives the Soldier these statements, should exhibit a full statement of the time for which the Soldier was allowed pay on his final statement, the clothing account, and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the Company Commander of the Soldier, who will enter all the data necessary to a full understanding of the Soldier's account on the muster roll upon which the Soldier's discharge is reported. The object of this is, that the remaining portion of the muster roll may be settled upon the receipt of these muster rolls, and the Soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statement. These accounts for back pay, etc., are sent by the 3d Auditor of the Treasury Department.

NOTE 4.—Charges for loss or injury to ordnance, horse equipments, and other miscellaneous charges, should appear under the heading of "Other Discharge."

NOTE 5.—Money paid by State authorities, and not by the United States, will not be entered on this statement.

NOTE 6.—Accounts due the Soldier and Landowner must be entered on the muster roll on which the discharge, death, desertion, etc., is reported, as well as on the final statement, otherwise the amount cannot be collected from the United States.

NOTE 7.—This blank will be used for deceased volunteers and drafted men, as well as for others.

NOTE 8.—Where a Soldier dies in Hospital or on detached service, his descriptive list, if he has one, should be sent with his final statement, in duplicate, to the Adjutant General, Washington, D. C.

COMPARIS WITH

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the certificate, and forward it to the proper authority, with his action endorsed thereon, through the proper channel, to his division commander, or if the troops are not attached to a division, to the corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

DIRECTIONS

When a probable case for pension, special care must be taken to state the degree of disability, as f. f. d. c. etc. to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1860 Regulations, Ed. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, opthalmia, alcers, or any obscure disease liable to be faked or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

Medical Director
Capt Geo 2nd Cumberland
NOTES: 1. Officer
The company commander will have add a statement of all the facts known to him concerning the disease or injury, or cause of disability of the soldier, the time, place, and manner in which it occurred, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid in judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.
